To my lover best of luck
in the future.

X.X.

Brenda,
well, your first year of high school is almost over and you've impressed me on what you've done. Next year will be our last together and I will miss you.

Best of Luck
Marge

Brenda
I'm so proud of you for a real "suuee freshman" to a suuee sophomore. You are the way you have matured and grown in life. Good luck and may God bless you!

I think a lot of you and your ability. I always enjoy having you in my class.
Mrs. Baxter

Dear Marie,
I'm so proud of you for a real "suuee freshman" to a suuee sophomore. You are the way you have matured and grown in life. Good luck and may God bless you!

Dear Marie,
I'm so proud of you for a real "suuee freshman" to a suuee sophomore. You are the way you have matured and grown in life. Good luck and may God bless you!

Brenda,
It's always
an interesting experience
when you are in class!
However, I've enjoyed
having you.

ADMINISTRATION

MR. HARRY SHACKELFORD
Superintendent of Laverne Schools

Dear Seniors:

It is a pleasure to bring greetings to you from the board of education, administration, and staff.

Twelve years you have labored to reach this goal of high school graduation. Only time will tell how fruitful your labors have been.

During your twelve years you have seen many changes in your school and community. A few remembrances that come to mind concerning the physical facilities of the school plant are building a fine new $350,000 high school (moving from the old building to the new was a "ball," wasn't it?); purchasing eight acres of land for an athletic field; constructing a football stadium with a 1200-seating capacity; installing baseball lights; adding four new rooms to the elementary school; building a vocational agriculture building; tearing down the adobe garage building; moving the old lunchroom building across the road to make it into a bus garage; and installing chain-link fences south of the athletic field and around the elementary grounds.

Improvements and changes in the school system that have been made are becoming accredited by North Central Association; growing from a high school of two-hundred to more than three-hundred students; adding numerous new subjects to the high school curriculum; establishing a top-grade library; changing to a floating class schedule (which temporarily confused all of us); purchasing a "cross-country" type activity bus; and hiring Mrs. Huffman as school secretary.

The growth of our community from around one thousand in population to nearly two thousand citizens and the development of the oil and gas industry in the area have also brought changes pertaining to the school. The growing of our school district's taxable valuation from three million to more than six million dollars; adding over two-hundred square miles to the transportation territory; going from a three-man school board to a five-man governing body; and appointing Bob Sumpter as district treasurer to replace Mr. Lake who had resigned after many years of faithful service are evidences of some of the changes.

But the most important change of all is that you have grown from little girls in pigtails to young women of dignity and from small boys in blue jeans to young men of stature.

All in all, I believe you will agree with me that it has been a good twelve years. Perhaps there have been some heartaches and some tears, but mostly it has been a time of fun, learning, loving, and enjoyment.

May God richly bless each of you as you leave the Laverne High School.

Sincerely,

Harry C. Shackelford

OUR VISITOR FROM LAOS

Amma Khoune Phone, school teacher and principal from Laos, spent five weeks here observing teaching and administrative techniques in the Laverne Elementary and High School.

The student body enjoyed Amma's talks about his country. His presence in the school system was a new and exciting experience for the students.
